Provider Coverage Alphabet Soups

- **Some soups will cover a whole region others will cover a specific clinic only**
- Alphabet soups are lists that will be used when providers are on leaves of 3 business days or greater. An updated coverage list will be sent out anytime that occurs.
- **These lists are not to be used as a determining factor of where to schedule a brand new patient that has never been seen.** Those patients are either be scheduled on the first available new patient slot with any provider or if patient is requesting someone in particular, then we will schedule patient with that provider on their next available new patient slot.
- **Alphabet soups are communicated via email and change frequently. Always use the most recent.**

Soup for all MID Region

Tasks/PAQ Alphabet Soup Coverage for Mid Region

Kamalpreet Kaur, FNP 11/30-12/06/2020

Alfayo Michira 11/23-12/03/2020

Dr. Badam 12/01/2020-02/07/2020

This is the patient coverage for providers out in the Mid Region. This same list will be used when providers are on leaves of 3 business days or greater. I will send out an updated coverage list when that occurs. **This list is not to be used as a determining factor of where to schedule a brand new patient that has never been seen.** Those patients are either be scheduled on the first available new patient slot with any provider or if patient is requesting someone in particular, then we will schedule patient with that provider on their next available new patient slot.
