These calls may be placed using an automatic dialer or prerecorded messages and you are not required to provide this consent as a condition of purchasing any goods or services. You may withdraw your consent at any time. Please reply " Yes " to provide your consent? (MUST BE YES)

FAQ

Who is Fleet On Boarding? Fleet On Boarding is the name used by Door Dash when recruiting.

What is Door Dash? Door Dash is an on-demand food delivery service that partners with local restaurants to deliver food to homes and businesses. What I would like to do is bring someone on the line with Door Dash who can tell you even more about this and answer any additional questions you may have. Door Dash should only be offered after the PS has said no to education. If the PS declines Door Dash, do not attempt to convince them to hear about Door Dash.
